NHS Scotland's Changes to General Practice and Primary Care Patient Survey

NHS Scotland are reorganising General Practice and Primary Care. They plan to remove some activities from General Practice and provide them in other ways. They have promised to put patient views at the heart of the new service, so the General Practices in Marr (Aboyne, Alford, Ballater, Banchory, Braemar, Huntly, Strathdon and Torphins) would like to find out what patients think.

Q1. In your opinion, where should blood tests be provided? Please rank your preferred options from 1 to 4, with 1 being the best option.

At your General Practice

A shared location up to 10 miles away

A shared location up to 20 miles away

A shared location up to 30 miles away

Q2. Who would you like to do your blood tests? Please rank your preferred options from 1 to 3, with 1 being the best option.

The usual nurse at your General Practice

An NHS Grampian nurse at your practice for a few hours each week

An NHS Grampian nurse available 9am – 5pm at a location shared between General Practices

Q3. In your opinion, where should dressings (e.g. for wounds or ulcers) be provided? Please rank your preferred options from 1 to 4, with 1 being the best option.

At your General Practice

A shared location up to 10 miles away

A shared location up to 20 miles away

A shared location up to 30 miles away

Q4. Who would you like to do dressings (e.g. for wounds or ulcers)? Please rank your preferred options from 1 to 3, with 1 being the best option.

The usual nurse at your General Practice

An NHS Grampian nurse at your practice for a few hours each week

An NHS Grampian nurse available 9am – 5pm at a location shared between General Practices

Q5. In your opinion, where should immunisations (e.g. flu, childhood or travel) be provided? Please rank your preferred options from 1 to 4, with 1 being the best option.

At your General Practice

A shared location up to 10 miles away

A shared location up to 20 miles away

A shared location up to 30 miles away

Q6. Who would you like to do your immunisations (e.g. flu, childhood or travel)? Please rank your preferred options from 1 to 3, with 1 being the best option.

The usual nurse at your General Practice

An NHS Grampian nurse at your practice for a few hours each week

An NHS Grampian nurse available 9am – 5pm at a location shared between General Practices

Q7. If immunisations were provided outside of the Practice, do you think it would affect your chance of having a recommended vaccine? (Please tick).

More likely to have it

No difference

Less likely to have it

Q8. In your opinion, where should treatment for minor injuries (e.g. glueing and stitching wounds, bandaging of sprains, assessment of head knocks) be provided? Please rank your preferred options from 1 to 4, with 1 being the best option.

At your General Practice

A shared location up to 10 miles away

A shared location up to 20 miles away

A shared location up to 30 miles away

Q9. Who would you like to provide treatment for minor injuries (e.g. glueing and stitching wounds, bandaging of sprains, assessment of head knocks)? Please rank your preferred options from 1 to 4, with 1 being the best option.

Your General Practitioner

The usual nurse at your General Practice

An NHS Grampian nurse at your practice for a few hours each week

An NHS Grampian nurse available 9am – 5pm at a location shared between General Practices
