

CARERS' REGISTER

Meaning of carer

You are a 'carer' if you provide (or intend to provide) care for another person – but **not**: a) if this is **only** because of that person's age (where they are under 18); or b) if you are caring because you have a contract or as voluntary work.

It is important we know that you are a Carer and who you care for so that we are able to signpost you to the help and support specifically for Carers.

Please complete the details below and hand this form in at reception.

Useful Information

Quarriers

Carers have the right to a 'Carers' support plan' or 'Young Carer statement', as detailed in the Carers (Scotland) Act 2016. In Aberdeenshire the organisation responsible for providing these is Quarriers and you must register with them first. Forms are available on the Carers' page on our website or at reception.

Carers' Support Group

The practice has its own Carers' Support Group and organises meetings throughout the year. If you would like to join the group to receive information relating to your caring role please ensure you have completed your email and ticked the relevant box(es) to give consent to be contacted by the practice.

The practice also has a Carers' Forum 'closed' Group on Facebook – just search for BGP Carers' Forum and request to join group.
